- 6. The Scrutinizer will after the conclusion of voting at the e-AGM:
 - (i) First unblock and count the votes cast at the e-AGM through e-voting.
 - (ii) Then unblock the votes cast through Remote e-Voting.
 - (iii) Both the above will be done in the presence of two witnesses not in the employment of the company.
 - (iv) Make a consolidated Scrutinizer's report (integrating the votes cast at the meeting and through Remote e-Voting) of the total votes cast in favour or against, if any, and submit to the Chairman.
 - (v) The Scrutinizer's report as above would be made soon after the conclusion of AGM and in any event not later than three days from the conclusion of the meeting.

7. Voting Results

- (i) The Chairman or a person authorized by him in writing will authenticate the result of the voting based on the Scrutinizer's report.
- (ii) The results declared along with the scrutinizer's report will be placed on the company's website www.highenergy.co.in and on the website of CDSL www.evotingindia.com immediately after the result is declared and also communicated to BSE.
- (iii) Subject to receipt of requisite number of votes, the resolution shall be deemed to be passed on the date of e- AGM.

Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013

Item No.3 : Reappointment of Dr G A Pathanjali, as Managing Director

The Current term of Dr G A Pathanjali as Managing Director expired on 31st March, 2020. The Board of Directors at their meeting held on 28th March, 2020 through Video Conferencing have re-appointed Dr G A Pathanjali as Managing Director of the company for a further period of three years from 1st April, 2020 to 31st March, 2023 based on the recommendation of the Nomination and Remuneration Committee. At the Board Meeting held on 27th June, 2020 through Video Conferencing, the Board of Directors approved the remuneration package on the recommendation of the Nomination and Remuneration Committee, subject to the approval of members.

Dr G A Pathanjali aged 61 is a Chemical Engineer from Annamalai University, M.Tech from IIT, Kanpur and completed his doctorate (Ph.D) in the year 1995 from IIT, Mumbai. He has an experience of 37 years in the company and held various positions in the Company.

He was involved in number of design cum development activities involving Silver Chloride Magnesium, Silver Oxide Zinc, Nickel Cadmium, Fuel Cells for defence and Lead Acid Battery for other commercial applications. He is closely associated with DRDO Laboratories and other Research organizations such as CECRI, CSIR, IISc and IIT. He is a member of the expert committee of DST and CSIR programs and invited for various Energy oriented meetings. Dr G A Pathanjali has many scientific publications to his credit and is delivering lecturers in many Scientific Institutions and Universities of repute.

He is an expert committee Member of various Assessment Committees like;

1. Materials for Energy Conservation Storage Platform (MECSP), Dept of Science and Technology (DST), New Delhi.

2. National Conference on Recent Trends in Green Energy Technologies (NCRTGET)
3. Energy Theme: Fast Track Translation (FTT) / Fast Track Commercialisation (FTC) Projects of Council of Scientific and Industrial Research (CSIR), New Delhi.

Based on his performance, he was elevated as Managing Director for a period of 3 years from 1st April 2014 to 31st March 2017.

When he took over as Managing Director in the year 2014, the company was incurring losses due to poor performance of Lead Acid Battery division and non receipt of orders from Defence.

Dr G A Pathanjali was re-appointed as Managing Director for the second term in the year 2017 and at that time the Company was in the path of recovery. Under his direction, the Company's overall performance started improving and currently the company is firmly back on profitable operations.

The Company is presently on the look out for diversification into Lithium Ion Battery field and also for other areas including revamping of LAB division, which can take the company to greater heights. Under these circumstances, the experience and expertise of Dr G A Pathanjali is essential for the Company to scale up and grow to new heights.

Dr G A Pathanjali holds 100(0.01%) shares in the Company. He is neither a director nor a member in any other company registered in India.

Dr G A Pathanjali is not related to any Director of the Company. None of the other Directors, Key Managerial Personnel of the Company and their relatives is, in any way, concerned or interested financially or otherwise in the resolution set out at item No.3.

The Board accordingly recommends the Ordinary Resolution set out at item No.3 of the Notice for approval of the Members of the Company.

III. OTHER INFORMATION

(1) Reason of loss or inadequate profits

The Company could have achieved the performance as planned and budgeted, had the high margin products made ready during March, were billed in the last week of March 2020. Realising higher profitability, even with all the needed efforts, could not be possible because of Covid-19 lockdown.

(2) Steps taken or proposed to be taken for improvement

The Company has sizeable orders on hand and expects further orders during the current year. Hence, production planning and despatches will be as scheduled.

(3) Expected increase in productivity and profits in measurable terms

Budget for FY 2020 – 21, is set at higher level and the company has the resources needed to achieve performance improvements.

The company is working for 40% increase in the turnover and about 35% increase in the profitability for the year 2020 – 2021.

IV. DISCLOSURES

Remuneration details are disclosed in the Corporate Governance Report attached to Board's Report as mandated.

BOARD'S REPORT

Your Board hereby presents the 59th Annual Report and the Audited Accounts for the year ended 31st March 2020.

OPERATING RESULTS

The Company has adopted the Indian Accounting Standards (IndAS) from Financial Year 2017-18, as mandated. Accordingly, the financial statements for current year, including comparative figures of previous year are based on IndAS and in accordance with the recognition and measurement principles stated therein, as well as other accounting principles generally accepted in India. While this has no major impact for the Statement of Profit and Loss, there is and would be periodical impact for "Other Comprehensive Income" in measuring and restating investments at fair value.

BOARD'S REPORT (Continued)

The Company adopted the new corporate tax under Section 115BAA of Income Tax Act, 1961, from the FY 2019 – 2020.

The Company recorded a turnover of ₹ 6116.51 lakhs in the year, as compared to ₹ 4585.42 lakhs, (an increase of 33.39%) during the previous year. With good order position, the Company could improve the turnover substantially and record a Net Profit of ₹ 560.19 lakhs, compared to ₹ 43.63 lakhs, in the previous year.

The Company's efforts to achieve even a higher level of turnover for Financial Year 2019-20 itself, was thwarted by unexpected lockdown imposed by the Government during the last week of March 2020 to contain spread of Covid-19 pandemic. This impacted Battery assembly, Customer testing and evaluation as well as dispatch of batteries.

DIVIDEND

In the absence of distributable profits under Section 123 of the Companies Act, 2013, no dividend is proposed for the year ended 31st March, 2020.

COMPANY'S PERFORMANCE

SILVER ZINC BATTERIES

The Company achieved a turnover of ₹ 6032.18 lakhs through Silver Zinc Battery supplies during the year, as against ₹ 4071.91 lakhs, during the previous year.

Achieving this higher turnover was made possible by regular inflow of Orders from Defence establishments, uninterrupted production and completion of inspection and testing without undue delays.

NICKEL CADMIUM BATTERIES

During the year, the turnover of Nickel Cadmium Division was ₹ 81.35 lakhs, as against ₹ 405.60 lakhs during the previous year. For

procurement of Aircraft Batteries, Government is now opting for rate contract and hence the ordering cycle is getting skewed, depending upon requirement cum Budget allocation.

LEAD ACID BATTERIES (LAB)

Lead Acid Battery division operations were temporarily suspended since April, 2019, due to competitive market conditions and non-remunerative prices. However, a revival plan is being drawn to effectively utilise the Plant capacity.

EXPORTS

During the year, the export turnover was only ₹ 24 lakhs. Export potential for our range of products, is dwindling since some of the earlier vintage systems are now becoming obsolete, both in India and abroad. The newly developed battery systems are mostly for Indian Defence and are in our regular production. However, the Company is having a good scope for development of new products. All efforts are being made to secure orders for regular as well as for development of new products.

COVID -19 - IMPACT

Consequent to Covid-19 pandemic, the Central Government proclaimed a nationwide lockdown since 24th March 2020 and the State Government also followed suit. Hence, the Company had to suspend its operations and resumed normal operations from 20th May 2020, upon partial relaxation of lock down norms.

Besides the loss in production suffered during lockdown, the Company had to withhold despatch and billing of finished goods as Government accredited Labs that remained closed could not do the inspection. This in turn affected the turnover and profit leading to Working Capital constraints.

BOARD'S REPORT (Continued)

While so, the Government has *suo moto* extended delivery schedule for all defence suppliers and on the supply side most of the key vendors have confirmed supplies as per schedule. Therefore, in the opinion of the management, no provision towards contractual obligations or impairment losses is considered necessary at present.

However, the Company would be reviewing the impact on a continuous basis as the pandemic is yet to be brought under control.

FINANCE

Working Capital availability has improved and all the Banks have renewed their sanctioned limits for this year. Canara Bank has imposed a margin of 25% for Non Fund Based limits, against NIL margin so far, that resulted in lock up of funds for a long duration. This resulted in strain on our working capital. Payments from most of the customers were received on time. The Company effected payments to suppliers and service providers almost on time thereby bringing down the level of outstanding.

ISO 9001 / ISO 14001 ACCREDITATION

Our Quality Management Systems (QMS) ISO 9001:2015 and Environmental Management Systems (EMS) ISO 14001:2015, continue to be accredited for Aerospace and Naval Battery Division. For the Lead Acid Battery Division, QMS accreditation and EMS certification were completed.

OHSAS 45001 CERTIFICATION

Over the last two years, our Company implemented the required systems and procedures to improve the overall Health and Safety aspects. During this year, the Company secured ISO 45001:2018 certification pertaining to Occupational Health and Safety (OH&S) Management System.

RESEARCH AND DEVELOPMENT

Development activities, including Design cum Proto evaluation of a high power, high energy underwater propulsion Battery were completed during the year. As a continuation, performance that can be achieved as a full size Battery needs to be demonstrated, through electrical load testing in the presence of Customer / Inspection representatives. During FY 2020-21, this Battery type will clear the R&D phase and will become one of the major products for manufacture and supply, in future.

The Hon'ble Finance Minister had announced that all contracts will be extended by six months due to Covid-19 lock down. Hence, the Company will complete the existing development contract within this extended period.

DEPOSITORY SYSTEM

As on March 31, 2020, Shares of 2612 Shareholders are held in Demat form and 1741075 shares have been dematerialised, representing 97.12% of the total Equity Share Capital.

CURRENT YEAR (2020-21)

With the orders on hand and expected orders, the Company as stated earlier, is confident of achieving higher turnover and profitability in the current year, despite Covid-19 lock down restrictions and its consequent effects. The pending order position of Silver Zinc Division is comfortable this year. Negotiations are in progress for securing orders from NSTL and Navy as well as for supplies to Missile programs. With all these positive developments, the Company will catch up with a better and forward looking performance during the current year.

BOARD'S REPORT (Continued)

CORPORATE GOVERNANCE

Compliance with the provisions of Corporate Governance is not mandatory to the Company. The Company voluntarily takes steps to comply with the provisions of Corporate Governance and the Report on the above is enclosed as **Annexure - 1**.

(ii) Performance Evaluation

The Board of Directors in March 2015 on the recommendations of the Nomination and Remuneration Committee approved the Board evaluation framework. The Board scheduled to review the framework in 28th March 2020 deferred it to next meeting.

ANNEXURE - 1 TO BOARD'S REPORT

Further, the Board of Directors in its meeting held on 27th June 2020 carried out the evaluation process on the recommendation of Nomination and Remuneration Committee. It has laid down specific criteria for performance evaluation covering:

- Subject of Evaluation
- Evaluation of Board process
- Frequency of Board Evaluation
- Responsibility of Board Evaluation
- Review of Board Evaluation
- Evaluation of Committees
- Individual evaluation of Board members & the Chairperson
- Individual evaluation of independent Directors

The Board evaluation is internally done on an annual basis. Templates incorporating specific attributes are used. Commonly agreed comments and remarks are recorded against each attribute.

The Nomination and Remuneration Committee during the year evaluated the performance of all Directors at its meeting held on 27th June 2020 through Video Conference.

The director whose performance is being evaluated did not participate during that part of the meeting. The Committee has expressed overall satisfaction on such evaluation.

The Board at its meeting held on 27th June 2020 evaluated the performance of each of the Independent Directors (excluding the Independent Director being evaluated) and recorded its overall satisfaction and decided in terms of Para VIII (2) of Schedule IV to the Act that Independent Directors be continued in their respective offices.

Further the Board evaluated the functioning of each of the three committees and evaluated its own performance on the basis of the criteria approved by the Nomination and Remuneration Committee.

There was no specific observation made during Board evaluation.

(iii) Insider Trading

In deference to SEBI (Prohibition of Insider Trading) Regulations, 2015, the Board reformulated the:

- (i) Code of Practices and Procedures for Fair disclosure of Unpublished Price Sensitive Information (Reg 8); and
- (ii) Minimum Standards for Code of Conduct to regulate, Monitor and report Trading by Insiders (Reg 9).

These have been intimated to the Stock Exchange and uploaded in the Company's website.

These codes apply to all directors and designated persons. It is hereby affirmed that all directors and designated persons have complied with the codes as applicable during FY 2019-20 and a confirmation to this effect has been obtained from them.

The trading window shall remain closed during the period when designated persons in terms of the Regulations can reasonably be expected to have possession of unpublished price sensitive information. In any event, the trading window shall remain closed from the end of every quarter till 48 hours after declaration of financial results.

(iv) Code of Conduct

The Board had formulated a Code of Conduct for Directors and Key Managerial Personnel of the Company which is posted on its website. It is hereby affirmed that all the Directors and Key Management Personnel had complied with the Code and a confirmation to this effect was obtained from them individually for FY 2019-20.

ANNEXURE - 1 TO BOARD'S REPORT

Further, the Key Managerial personnel have declared to the Board that no material, financial or commercial transactions were entered into by them during FY 2019-20 where they have personal interest that may have a potential conflict with the interest of the Company at large.

(v) Related Party Transactions

The Board has formulated the Policy on Related Party Transactions (RPTs). It further fixed the materiality threshold under this policy at 10% of its turnover as per the last audited financial statements. Transactions with a related party individually or taken together in a financial year crossing this 10% threshold would be considered material.

This policy has been uploaded on the company's website.

(vi) Risk Management

The company has a robust risk management framework to identify and evaluate business risks and opportunities. It seeks to create transparency, minimize adverse impact on the business objective and enhance the company's competitive advantage. It aims at ensuring that the executive management controls the risk through a properly defined framework.

The company has laid down appropriate procedures to inform the Board about the risk assessment and minimization procedures. The Board periodically revisits and reviews the overall risk management plan for making desired changes in response to the dynamics of the business. The company is not currently required to constitute a Risk Management Committee as it is applicable to top 100 listed entities, determined on the basis of market

capitalization, as at the end of the immediate previous financial year according to regulation 21 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(vii) Whistle Blower Policy

In deference to Section 177 (9) of the Act read with relevant Rule 7 of the Companies (Meetings of Board and its Powers) Rules, 2014, the Company has established a vigil mechanism overseen by the Audit Committee. This was uploaded in the Company's website.

No complaint under this facility was received in FY 2019 - 20.

(viii) Policy for Prevention of Sexual Harassment at Workplace

The company has in place a Policy for Prevention of Sexual Harassment at Workplace in line with the requirements of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. Internal Complaints Committee has been set up to redress complaints received on sexual harassment. All employees (permanent, contractual, temporary, trainees) are covered under this policy. This policy was uploaded in the Company's website.

Number of Complaints filed, disposed during and pending at end of FY 2019-20 - NIL

(ix) Document preservation

Pursuant to Regulation 9 of the listing Regulations, the company has formed a policy for preservation of records. This policy covers all corporate records of the company whether in paper or digital form and applies to all departments and business functions of the company. This policy has been uploaded in the Company's website.

Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo
[Section 134 (3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014]

A. CONSERVATION OF ENERGY

Steps taken on conservation of energy:

- Timer provision for Air Conditioners and Dehumidifier.
- Switching over to LED bulbs from conventional tube lights.
- Reduction in heat loss in melting furnace by modifying internal structure.
- Modification in chiller plant (from water cooler to Air Cooler system).
- Switching over to CFL instead of Sodium Lamp for street lighting.

B. TECHNOLOGY ABSORPTION

1 Research and Development (Totally in-house)

- Development of Primary activated Reserve Type Silver Zinc Batteries for Aero Space applications.
- Design and Development of high power, Ag Zn Pile battery.
- Development and Production of PEM Fuel Cells.
- Research work on Ternary and low Pt Electro – catalyst for Fuel Cells.
- Research on Nano materials and Nano composites.
- Design and development of Vanadium based Flow Battery (VFB).
- Development work on Lithium Ion Battery (LIB).

2 Benefits derived as a result of above R & D

- The batteries developed have eliminated imports in their respective categories and thus they have saved substantial foreign exchange outgo.
- The batteries developed in-house were also exported and thus earned foreign exchange.

- Upgradation of technology to match or better the advancements reported from developed countries.
- Indigenization, Upgradation and selfreliance in the critical field of batteries for strategic defense applications.
- “Make in India” concept fully implemented over four decades (Since 1979).

3 Future Plan of Action

To continue Research and Development in the areas mentioned in Para B1.

**INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF
M/s. HIGH ENERGY BATTERIES (INDIA) LIMITED**

Report on the audit of Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of **High Energy Batteries (India) Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and Notes to the Financial Statements, including a summary of the Significant Accounting Policies and other explanatory information hereinafter referred to as Financial Statements.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, the Profit (Including Other Comprehensive Income), the changes in Equity, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

a) Attention is invited to note no 44 of the financial statements which is extracted below :

Consequent to Covid-19 pandemic, the Central Government proclaimed a nationwide lockdown since 24th March 2020 and the State Government also followed suit. Hence the company had to suspend its operations and resumed normal operations from 20th May 2020, upon partial relaxation of Lock down norms.

Besides the loss in production suffered during lockdown, the company had to withhold despatch and billing of finished goods as Government accredited Labs that remained closed could not do the inspection. This in turn affected the turnover and profit leading to Working Capital Constraints.

While so, the Government has *suo moto* extended delivery schedule for all defence and on the supply side most of the key vendors have confirmed supplies as per schedule. Therefore, in the opinion of the management, no provision towards contractual obligations or impairment losses is considered necessary at present. Further on evaluation of the impact on the carrying amounts of Property, Plant and equipment, inventories, receivables and other current assets, impairment loss of ₹ 53.70 lakhs is recognized on LAB Plant Inventories.

- b) Due to Covid-19 related lockdown, the management could not carry out physical verification of inventory at the year end. However, on partial relaxation of lockdown physical verification was carried out and we were also present during the physical verification. Consequently, we have performed alternate procedures to audit the existence and condition of inventory as per the guidelines provided in SA 501 "Audit evidence - Specific consideration for stipulated items", and have obtained sufficient appropriate audit evidence."

Our opinion on the Financial Statements is not modified in respect of the above matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of Financial Statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

SI.No.	Key Audit Matters	Response to Key Audit Matters & Conclusion
1	Testing for impairment provision Lead Acid Battery Plant (LAB)	<p>The management appointed Independent Chartered Engineers firm (approved Valuer) to ascertain the realizable value of LAB plant since the Value in Use determination by cash flow method is not reflective of the realizable value as the plant is underutilized.</p> <p>The independent valuer has valued the LAB plant assets at ₹1146 Lakhs.</p> <p>We have compared the values with the carrying value as per books and Fixed asset Register and found that the realizable value is more than the carrying value and the management judgment that no impairment loss is required to be recognized is reasonable.</p>

Sl.No.	Key Audit Matters	Response to Key Audit Matters & Conclusion
2	<p>Inventories</p> <p>As on 31st March,2020, the carrying value inventories is ₹ 2,851.64 lakhs and is valued at lower of cost and net realisable value.</p> <p>We considered the value of inventories as key audit matter considering the relative size of it in the financial statements.</p>	<p>We have verified and tested the design and operating effectiveness of controls with regard to receipt, issues and valuation of inventories.</p> <p>Due to Covid-19 related lockdown, the management could not carry out physical verification of inventory at the year end. However, on partial relaxation of lockdown physical verification was carried out and we were also present during the physical verification. Consequently, we have performed alternate procedures to audit the existence and condition of inventory as per the guidelines provided in SA 501 “Audit evidence - Specific consideration for stipulated items”, and have obtained sufficient appropriate audit evidence.”</p> <p>We have also verified the valuation sheets for the quantities and the rates adopted and also the workings for the impairment provision of the Inventories of Lead Acid Battery Division.</p> <p>Based on our audit procedures we find that the value of inventories is properly stated in the financial statements.</p>

Information Other Than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the other information in the Annual Report, comprising of the Director’s report and its annexures, but does not include the standalone financial statements and our auditor’s report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that if there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management Responsibility for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the Financial Position, Financial Performance (including Other Comprehensive Income), Changes in Equity and Cash Flows of the Company in accordance with other accounting principles generally accepted in India,including the Accounting Standards specified under Section 133 of the Act. This responsibility also

includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate Internal Financial Controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to

the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in Internal Control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Standalone Financial Statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the Directors as on 31st March, 2020 taken on record by the Board of Directors, none of the Directors is disqualified as on 31st March 2020 from being appointed as a Director in terms of Section 164(2) of the Act.

- f) With respect to the adequacy of the Internal Financial Controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”.
- g) With respect to the other matters to be included in the Auditors’ Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.

- h) With respect to the other matters to be included in the Auditors’ Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the company.

**ANNEXURE “A” TOTHE INDEPENDENT AUDITOR’S REPORT OF EVEN DATE ON
THE STANDALONE IND AS FINANCIAL STATEMENTS OF
HIGH ENERGY BATTERIES (INDIA) LIMITED.**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”).

We have audited the Internal Financial Controls over Financial Reporting of **HIGH ENERGY BATTERIES (INDIA) LIMITED** (“the Company”) as of March 31, 2020 in conjunction with our audit of the Standalone IndAS Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining Internal Financial Controls based on the Internal Control over Financial Reporting criteria established by the Company, considering the essential components of Internal Control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting, issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s Internal Financial Controls over Financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal Financial Controls over Financial Reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the Internal Financial Controls System over Financial Reporting and their operating effectiveness. Our audit of Internal Financial Controls over Financial Reporting included obtaining an understanding of Internal Financial Controls over Financial Reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Internal Financial Controls System over Financial Reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's Internal Financial Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's Internal Financial Control over Financial Reporting includes those policies and procedures that:

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the Company are being made only in accordance with authorisations of Management and Directors of the Company; and
- (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of Internal Financial Controls over Financial Reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the Internal Financial Controls over Financial Reporting to future periods are subject to the risk that the Internal Financial Control over Financial Reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate Internal Financial Controls System over Financial Reporting and such Internal Financial Controls over Financial Reporting were operating effectively as at March 31, 2020, based on the Internal Control over Financial Reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI.

The company's shares are listed in BSE Ltd.

A. Significant Accounting Policies and Key Accounting Estimates and Judgements

1. Significant Accounting Policies

1.1 Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules, 2015.

1.2 Basis of Preparation and Compliance

The financial statements are prepared in accordance with the historical cost convention except for certain items that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below. The financial statements are prepared on a "going concern" basis using accrual concept except for the cash flow information.

Historical cost is generally based on fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS-2 inventories or value in use in Ind AS 36 – Impairment of Assets.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, as described hereunder:

Level 1 -Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2 -Other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Level 3 - Unobservable inputs for the asset or liability.

Transactions and balances with values below the rounding off norm adopted by the company have been reflected as "--" in these financial statements.

1.3 Current / Non-Current Classification

An asset or liability is classified as current if it satisfies any of the following conditions:

- (i) the asset / liability is expected to be realized / settled in the Company's normal operating cycle;
- (ii) the asset is intended for sale or consumption;
- (iii) the asset / liability is held primarily for the purpose of trading;
- (iv) the asset / liability is expected to be realized / settled within twelve months after the reporting period;
- (v) the asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period;
- (vi) in the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

For the purpose of current / non-current classification, the Company has reckoned its normal operating cycle as twelve months based on the nature of products and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

Deferred tax assets and liabilities are classified as non-current.

1.4 Recent Accounting Pronouncements

Leases

On March 30, 2019 Ministry of Corporate Affairs has notified "Ind AS 116, Leases" replacing the existing "Ind AS 17 Leases" and related interpretations. This new standard is applicable for accounting periods commencing on or after 01-04-2019 and hence not applicable for the financial statements for the year ended 31-03-2019. However, application of this standard from 01-04-2019 does not have any significant impact for the Company.

Uncertainty over Income Tax Treatments

On March 30, 2019, Ministry of Corporate Affairs has notified Appendix C to Ind AS 12 - Uncertainty over Income Tax Treatments. This is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12.

According to the appendix, the Company needs to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the Company has used or

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

plans to use in its income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates.

The effective date for adoption of Appendix C to Ind AS 12 is in respect of accounting period beginning on or after April 1, 2019 and the Company will adopt the same accordingly.

1.5 Property, Plant and Equipment (PPE)

Property, plant and equipment are tangible items that:

- (a) are held for use in the production or supply of goods or services, for rental to others, or for administrative purposes; and
- (b) are expected to be used during more than one period.

The cost of an item of property, plant and equipment shall be recognized as an asset if, and only if:

- (a) it is probable that future economic benefits associated with the item will flow to the entity; and
 - (b) the cost of the item can be measured reliably.
- (i) An item of PPE that qualifies for recognition as an asset is measured on initial recognition at cost. Following initial recognition, PPEs are carried at its cost less accumulated depreciation and accumulated impairment losses.
 - (i)(a) For transition to Ind AS, the Company has elected to continue with the carrying value of all of its PPE recognized as of April 1, 2016 (transition date) measured as per the previous IGAAP as its deemed cost as on the transition date except land, which has been measured at fair value as deemed cost on the transition date.
 - (ii) The cost of an item of PPE comprises purchase price, taxes and duties net of input tax credit entitlement and other items directly attributable to the cost of bringing the asset to its working condition for its intended use. Trade discounts and rebates are deducted. Cost includes cost of replacing a part of a PPE if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of PPE if the recognition criteria are met.
 - (iii) The Company identifies and determines the cost of each part of an item of PPE separately, if the part has a cost which is significant to the total cost of that item of PPE and has useful life that is materially different from that of the remaining item.
 - (iv) Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of PPE are capitalized at cost. Costs in nature of repairs and maintenance are recognized in the statement of Profit and Loss as and when incurred. All upgradation / enhancements are charged off as revenue expenditure unless they bring significant additional benefits. Borrowing Costs (net of interest earned on temporary investments of those borrowings) directly attributable to acquisition, construction or production of qualifying assets are capitalized as part of the cost of the assets till the asset is ready for its intended use.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

- (v) Capital advances and capital work- in- progress

Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets. Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work- in- progress. Such properties are classified to the appropriate categories of PPE when completed and ready for intended use. Depreciation on these assets commences when the assets are ready for their intended use which is generally on commissioning.

- (vi) Depreciation is recognised so as to write off the cost of assets (other than freehold land and properties under construction) less their residual values over their useful lives, using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each reporting period and changes, if any, are treated as changes in accounting estimate. The useful lives are based on technical estimates and the management believes that the useful lives are realistic and fair approximation over the period of which the assets are likely to be used.

- (vii) Estimated useful lives of the assets are as follows:

Asset	Years
Factory Buildings	30
Fences, Walls, Tube wells	5
Buildings (other than factory buildings)	10
Plant and Equipment – Main Plant	15
Plant and Equipment – Lead Acid Battery Plant	15-20
Computers	3
Servers	6
Furniture and Fixtures	10
Vehicles	8-10
Office Equipment	5

Assets costing ₹ 5,000/- and below are depreciated in full within the Financial Year.

The useful lives are based on the technical estimates made by the management which in the opinion of the management are realistic and fair approximation over the period over which assets are likely to be used.

1.6 Intangible assets

- a. Intangible assets acquired separately**

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortization and accumulated impairment losses. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful life is reviewed annually with the effect of any changes in estimate being accounted for on a prospective basis.

- b. Useful lives of intangible assets**

Intangible assets are amortized equally over the estimated useful life.

1.7 De-recognition of tangible and intangible assets

An item of tangible and intangible asset is de-recognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of tangible and intangible assets is determined as the difference between the sales proceeds if any and the carrying amount of the asset and is recognized in the statement of profit or loss.

1.8 Impairment of tangible and intangible assets

The Company annually reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest group of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

1.9 Revenue Recognition

Revenue from contract with customers

Effective from 1st April 2018, the company has applied **IND AS-115- Revenue from contracts** with customers. Application of the standard does not have any significant impact with revenue recognition and measurements.

a. Revenue Recognition

Revenue on sale of Goods is recognized at a point in time on transfer of control of the products to the customer in an amount that reflects the consideration the company expects to receive in exchange for those products pursuant to the contract with the Customer.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Transfer of control

In respect of Aero space, Naval and power system batteries on issue of Inspection Note by the customer and delivery to the common carrier.

In respect of Lead Acid Batteries when the goods are delivered to the common carrier..

Development-cum-supply contracts

- a) Revenue is recognized over a period of time based on output method and mile stones achieved when the performance obligations in respect of the development work is distinct and independent from supply of goods.
- b) Revenue is recognized over a period of time under the input method and mile stones achieved where developmental work and the supplies are inter-related or inter-dependent
- c) When substantial portion of the developmental work has not been completed, the amount of expenditure incurred on the development work such as employees benefit expenses, materials and other direct expenses are carried forward as ' **Work in progress**'.

Significant financing component

Payment terms in Defense contracts are standardized and generally uniform across all customers. Typical payment terms are by way of advances, milestones achieved and 5%/10% payment on submission of BG or on the expiry of the warranty period.

The timing of the transfer of the goods is as specified by the customer in the contract. Advance from customers is for procuring specific materials having a long lead delivery time and specific to the products in nature and therefore the advances are not considered to have any significant financing component.

5% /10% payments are in the nature of retention towards performance warranty and do not carry any financing element and are moneys retained for reasons other than provision of finance. The retention moneys are payable on submission of bank guarantees and are classified as current..

Contract Assets:

Materials receivable from the customer in respect of products already supplied as per the terms of the contract is recognized and is disclosed as non-financial assets - other current assets.

Contract liabilities – Cash Advance from Customers are disclosed under Current/ Non Current based on the delivery period as per the contract as amended from time to time.

Advances in the form of materials from Customer are secured by Bank Guarantees and are netted off against the Inventory carried as the advance is to be adjusted by supply of products and is disclosed in the notes to accounts.

Impairment of Trade Receivables

Receivables from Government Departments are generally treated as fully recoverable based on past experience. However, in respect of other customers, impairment on account of expected credit loss is assessed on a case to case basis in respect of dues outstanding for a significant period of time.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

b. Dividend and interest income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and using effective interest rate method.

c. Insurance Claims

Insurance claims are recognized on the basis of claims admitted/ expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

1.10 Inventories

Inventories are valued at lower of cost and net realizable value. Materials and other items intended for use in production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. Cost includes taxes and duties, net of input tax credit entitlement. Cost of raw materials, consumables, stores and spares is determined on weighted average basis and includes inward freight and other direct expenses. Net realizable value is the estimated selling price less estimated costs for completion and sale.

Obsolete, slow moving and defective inventories are periodically identified and provision is made where necessary.

1.11 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognised in the Statement of profit or loss in the period in which they are incurred.

1.12 Employee Benefits

(a) Short term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

(b) Post-employment benefits

(i) Defined Contribution Plans

Contribution to Provident Fund (Defined Contribution Plan) as per the provisions of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 is recognised as expense in the Statement of Profit and Loss and remitted to the Provident Fund Commissioner. The contribution to the Superannuation Fund (Defined Contribution Plan) is recognised as expense and funded with Life Insurance Corporation of India.

(ii) Defined Benefit Plans

The company operates the Defined Benefit Gratuity Plan for employees. The cost of providing defined benefits is determined using the Projected Unit Credit Method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability/ (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liabilities / asset) are recognized in other comprehensive income and taken to retained earnings. Such re-measurements are not reclassified to the Statement of Profit and Loss in subsequent periods.

The entire liability towards gratuity is considered as current as the company will contribute this amount to the gratuity fund within the next twelve months.

(c) Other Long-term Employee Benefits (Unfunded)

Entitlement to annual leave is recognized when they accrue to employees. Annual leave can be availed or encashed either during service or on retirement subject to a restriction on the maximum number of accumulation of leave. The company determines the liability for such accumulated leave using the Projected Unit Credit Method with actuarial valuation being carried out at each Balance Sheet date.

1.13 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, a receivable is recognised as an asset if it is virtually certain that reimbursement will be received and the amount of the receivable can be measured reliably.

1.14 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the relevant instrument and are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

1.15 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets

a. Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost. The debt instruments carried at amortized cost include Deposits, Loans and advances recoverable in cash.

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value.

b. Effective interest method (EIR)

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as FVTPL. Interest income is recognised in the Statement of profit or loss.

c. Investments in equity instruments at FVTOCI

The company has irrevocably designated to carry investment in equity instruments at Fair value through other comprehensive income. On initial recognition, the Company can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the 'Reserve for equity instruments through other comprehensive income'. On derecognition of such Financial Assets, cumulative gain or loss previously reported in OCI is not reclassified from Equity to statement of Profit and Loss. However, the company may transfer such cumulative gain or loss into retained earnings within equity.

The Company has equity investments which are not held for trading. The Company has elected the FVTOCI irrevocable option for these investments (see note 3). Fair value is determined in the manner described in note 1.2.

Dividends on these investments in equity instruments are recognised in the statement of profit or loss when the Company's right to receive same is established, it is probable that the economic benefits associated with the dividend will flow to the company, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

d. Impairment of Financial Assets

In accordance with Ind AS 109, the Company uses "Expected Credit Loss" (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12 months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible defaults events over the life of the financial instrument).

For trade receivable, Company applies 'simplified approach' which requires expected lifetime losses to be recognized from initial recognition of the receivables.

For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk, if there is significant increase in credit risk full lifetime ECL is used.

e. De-recognition of Financial Assets:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

for de-recognition under Ind AS 109, A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires Concomitantly, if the asset is one that is measured at:

- (a) Amortised cost, the gain or loss is recognized in the Statement of Profit and Loss.
- (b) Fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

1.16 Financial liabilities and equity instruments

a. Classification as debt or equity

Debt and equity instruments issued by the company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

b. Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by a company are recognised at the proceeds received, net of direct issue costs.

c. Financial liabilities

All financial liabilities are initially recognized at the value of respective contractual obligations. Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

d. Derecognition of financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability modified, such an exchange or modification is treated as the Derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

1.17 Foreign Currency Transactions

a. Initial Recognition

On initial recognition, transactions in foreign currencies are recorded in the functional currency (i.e. Indian Rupees), by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

b. Measurement of foreign currency items at reporting date

Foreign currency monetary items are translated at the closing exchange rates. Non-monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency, are translated using the exchange rates at the date when the fair value is measured.

c. Recognition of exchange difference

Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements is recognized in profit or loss in the period in which they arise.

1.18 Cash flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information..

1.19 Taxes on Income

Taxes on income comprise of current tax and deferred tax.

a. Current tax

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961.

Current tax is measured using tax rates and tax laws enacted during the reporting period together with any adjustment to tax in payable in respect of previous years.

b. Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income Tax Act, 1961.

Deferred tax liabilities are recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the accounting profit nor the taxable profit, deferred tax liabilities are not recognized.

Deferred tax assets are recognized for all deductible temporary differences to the extent it is probable that future taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

MAT Credit Entitlement are in the form of unused tax credits and are accordingly grouped under Deferred Tax Assets..

c. Current and deferred tax for the year

Current and deferred tax are recognised in the Statement of profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.20 Events after reporting period

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size of nature are only disclosed.

1.21 Segment Reporting

Operating segments are reported in a manner consistent with internal reporting provided to the Chief Operating Decision Maker (CODM) of the company. The CODM is responsible for allocating resource and assessing performance of the operating segments of the company. The MD is identified as the CODM.

Segment accounting policies are in line with the accounting policies of the company. In addition, the specific accounting policies have been followed for segment reporting as under:

The Company has identified two business segments viz. Aerospace, Naval and Power System Batteries and Lead Acid Batteries. Revenue and expenses have been identified to respective segments on the basis of operating activities of the enterprise. Revenue and expenses which relate to the enterprise as a whole and are not allocable to a segment on a reasonable basis have been disclosed as unallocable revenue and expenses.

Segment assets and liabilities represent assets and liabilities in respective segments. Other assets and liabilities that cannot be allocated to a segment on a reasonable basis have been disclosed as unallocable assets and liabilities.

Inter segment revenue / expenditure – Not Applicable.

Geographical segment –Not Applicable.

1.22 Earnings Per Share (EPS)

Basic EPS is calculated by dividing the profit or loss attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to equity shareholders and the weighted average number of equity shares outstanding for the effects of all dilutive potential equity shares.

Key Accounting estimates and judgments

1.1 Use of Estimates

The preparation of financial statements in conformity with IndAS requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

1.2 Key sources of estimation uncertainty

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key assumption concerning the future and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year is as given below.

a. Fair value measurement and valuation processes

Some of the Company's assets and liabilities are measured at fair value for financial reporting purposes. In estimating the fair value of an asset or a liability, the Company uses market-observable data to the extent it is available. Where Level 1 inputs are not available, the Company engages third party qualified valuers to perform the valuation. The management works closely with the qualified external valuers to establish the appropriate valuation techniques and inputs to the model.

b. Useful life of Property, Plant and Equipments

The Company reviews the estimated useful lives of Property, plant and equipment at the end of each reporting period. During the current year, there has been no change in useful life considered for the assets.

c. Actuarial valuation

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depend upon assumptions determined after taking into account inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

d. Claims, Provisions and Contingent Liabilities

The Company has ongoing litigations with various tax and regulatory authorities and third parties. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Such accruals are by nature complex and can take number of years to resolve and can involve estimation uncertainty. Information about such litigations is provided in notes to the financial statements.

(ii) Financial Instrument measured at Amortised Cost

The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements area reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

35 C : Financial Risk Management- Objectives and Policies

The company's financial liabilities comprise mainly of viz., working capital borrowings from banks, bills payable, inter corporate loans from companies, trade payables and other payables. The company's financial asset comprises mainly cash equivalents, other balances with banks, trade receivables, other receivables and investments.

The Company has financial risk exposure in the form of viz., market risk, credit risk and liquidity risk. The risk management policies of the Company are monitored by the Board of Directors. The present disclosure made by the Company summarizes the exposure to the financial risks.

1) Market Risk:

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market price comprises three types of risk: Currency risk and other price risk. The financial instruments affected by market risk include rupee term loan and loans & advance.

a) Interest Rate Risk exposure

The Company does not have any Long Term Loans from Financial Institutions. The Company is having Working Capital facility limit of ₹ 2700 lakhs facility with Banks. The company also discounts its receivables to meet its short term fund requirements. The interest rate is @ 12.50% depending upon the change in MCRL Rate. Interest on loans from companies is at a fixed rate of 12% and hence there is no interest risk on the loan.

Interest Rate Sensitivity analysis

The Company considering the economic environment in which it operates has determined the interest rate sensitivity analysis (interest exposure at the end of the reporting period. The interest rates for the Company are floating rate and hence the analysis is prepared assuming the amount of the borrowings outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis points +/- 0.50% fluctuation in interest rate is used for disclosing the sensitivity analysis.

₹ in lakhs

Particulars	Impact on Profit before tax
Interest rates – increased by 50 basis points	(13.50)
Interest rates - decreased by 50 basis points	13.50

The interest rate sensitivity analysis is done holding on the assumption that all other variables remaining constant.

The increase/decrease in interest expense is chiefly attributable to the Company's exposure to interest rates on is variable rate of borrowings.

b) Foreign currency risk exposure

The Company imports Silver Bullion, Silver Foil, Magnesium Sheets, other raw materials and Stores and spares for which payables are denominated in foreign currency. The Company is exposed to foreign currency risk on these transactions.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

In respect of batteries, exports are made against advances received or against confirmed LCs of usance period not exceeding 30 days. The company is having Receivable of USD 20,850 equal to ₹ 15.73 Lakhs as on 31.03.2020.

2) Credit Risk

The credit risk refers to risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises primarily from financial assets such as trade receivables, bank balances, other balances with banks other receivables.

The credit risk arising from the exposure of investing in other balances with banks and bank balances is limited and there is no collateral held against these because the counterparties are public sector banks.

The Company sells its products of Aerospace Naval and Power System Batteries to Defence Customers where the payment terms are definite. The Defense Organisation of Government of India and payments are all received as per the terms of the contracts. The risk is restricted to the Liquidated damages clause for late supplies as per the contract terms and there is no irrevocable credit loss risk.

The Lead Acid Batteries Division is sells its products through Private Labeling arrangements. Customer pays 70% of its order value through opening LC for procuring raw materials. Balance 30% payments received after 90 days of credit and it is also protected to the extent of raw materials received.

3) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly to meet obligations when due. The Company's exposure to liquidity risk arises primarily from mismatches of maturities of financial assets and liabilities.

The Company manages the liquidity risk by –

- (i) maintaining adequate and sufficient cash and cash equivalents including investments in mutual funds, and
- (ii) Making available the funds from realizing timely maturities of financial assets to meet the obligations when due.

The management monitors rolling forecast of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. Also, the company manages the liquidity risk by projecting cash flows considering the level of liquid assets necessary to meet the obligations by matching the maturity profiles of financial assets and financial liabilities and monitoring balance sheet liquidity ratios. Further, liquidity risk management involves matching the maturity profiles of financial assets and financial liabilities.

36 Impairment Assessment of PPE

The LAB facility operations were suspended during the year due to highly competitive market coupled with unremunerative prices and volatility in the price of key materials. Considering the overall economic recession owing to Covid-19, pandemic the restart of the operations in the coming year looks doubtful. Consequently, impairment provision of ₹ 53.69 Lakhs is recognized in respect of inventories based

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

on technical estimate made by the management. However, no impairment provision is considered necessary in respect of PPE as the carrying value of PPE as per books is less than the recoverable value of ₹ 1196 lakhs as assessed by Independent Chartered Engineers .

37 (A) Deferred Tax Assets

Based on the orders on hand for Aero Space, Naval and Power System Batteries as well as increased defense procurements expected in the opinion of the management, it is probable that the company will have sufficient profits against which the unused tax losses can be utilized and accordingly deferred tax assets on account of unused tax losses are carried forward in the Balance Sheet.

37 (B) The company has elected to exercise the option permitted under Section 115 BAA of the Income Tax Act, 1961 introduced by The Taxation Laws (Amendment) Act, 2019.

Accordingly, no provision for current tax is made there being no taxable income after set off of brought forward allowances.

The company has restated DTL/ DTA at the rates prescribed in that section. Consequently, the unutilised MAT credit of ₹16.13 lakhs, the tax impact on the additional depreciation forfeited ₹ 36.90 lakhs and the tax impact of the change in rate on the balance of DTL/DTA ₹ 74.07 lakhs is included in the Tax expense for the for year ended 31st March 2020.

42. Employee Benefits

(i) Defined Contribution Plans:

The Company makes Provident Fund and Superannuation Fund contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised ₹ 28.36 Lakhs (Year ended March 31, 2019 ₹ 28.58 Lakhs) for Provident Fund contributions and ₹ 2.70 Lakhs (Year ended March 31, 2019 ₹ 2.97 Lakhs) for Superannuation Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

(ii) Defined Benefit Plans:

Gratuity (Funded)

In respect of Gratuity, the most recent actuarial valuation of the plan assets and in respect of Gratuity, the present value of the defined benefit obligation were carried out by actuarial valuation. The present value of the defined benefit obligation and the related current service cost and past service cost, were measured using the projected unit cost method. The following table sets forth the status of the Gratuity Plan and the benefit Scheme of the Company and the amount recognised in the Balance Sheet and Statement of Profit and Loss. The Company provides the gratuity benefit and through annual contributions to the funds managed by the Life Insurance Corporation of India.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

The Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Investment Risk :The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Salary Escalation Risk :The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future, based on past experience. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk :The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out adverse compared to the assumptions.

The Company pays contributions to the insurer as determined by them. The insurance company has invested the plan assets in Government Securities, Debt Funds, Equity shares, Mutual Funds and Money Market Instruments. The expected rate of return on plan assets based on expectation of the average long term rate of return expected on investments of the fund during the estimated term of the obligation. Significant actuarial assumptions for the determination of the defined benefit obligation are as discussed above.

The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Particulars	31.03.2020	31.03.2019
Discount Rate		
- 0.5% Increase	4.05	8.74
- 0.5% Decrease	(4.42)	(9.77)
Salary Growth Rate		
- 0.5% Increase	4.04	9.02
- 0.5% Decrease	(3.77)	(8.20)

Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

The Company has purchased insurance policy, which is basically a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance Company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

The Company's best estimate of the contribution expected to be paid to the plan during the next year is ₹ 5.00 Lakhs (Previous year 2019 ₹ 10.00 Lakhs).

43. Segment Reporting

Factors used to identify Reporting Segments:

The company has the following reporting segments, which are its reporting segments. These segments offer different types of batteries to different types of customers and are managed separately because they require different technology and production process. Operating segment disclosures are consistent with the information provided to and reviewed by the Chief Operating Decision Maker.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH 2020

Reportable Segment	Products offered
Aerospace, Naval and Power System Batteries	Silver Zinc Batteries are manufactured in this segment, the customers being the defence ministry of Indian Government
Lead Acid Batteries	Batteries for commercial application is manufactured in this segment

The measurement principles of segment are consistent with those used in Significant Accounting Policies.

There is no Inter-Segment transfer.

F. Revenue from External Customers:

Two customers contribute to more than 10% of the revenue of Aerospace, Naval and Power Systems Segment and One customer contributes to more than 10% of the revenue of Lead Acid Batteries Segment.

Due to temporary suspension of Lead Acid Battery operations during the year, the previous year figures are not comparable.

44 COVID-19 Impact

Consequent to Covid-19 pandemic, the Central Government proclaimed a nationwide lockdown since 24th March 2020 and the State Government also followed suit. Hence the company had to suspend its operations and resumed normal operations from 20th May 2020, upon partial relaxation of Lock down norms.

Besides the loss in production suffered during lockdown, the company had to withhold despatch and billing of finished goods as Government accredited Labs that remained closed could not do the inspection. This in turn affected the turnover and profit leading to Working Capital Constraints.

While so, the Government has *suo moto* extended delivery schedule for all defence suppliers and on the supply side most of the key vendors have confirmed supplies as per schedule. Therefore, in the opinion of the management, no provision towards contractual obligations or impairment losses is considered necessary at present. Further on evaluation of the impact on the carrying amounts of Property, Plant and equipment, inventories, receivables and other current assets, impairment loss of ₹ 53.69 lakhs is recognized on Lead Acid Batteries Plant Inventories .

However, the company would be reviewing the impact on a continuous basis as the pandemic is yet to be brought under control.
